work experience

2009 - 2020 architectural draftswoman

planned and drafted architectural plans, collaborating with stakeholders, local authorities, and landlords to ensure compliance with regulations and permit processes. maintained high standards of precision to support successful project execution.

2020 - 2023 planned career break

relocated from germany to portugal and dedicated time to personal growth, skill development, and adapting to a new cultural and professional environment.

2023 - now freelance graphic designer

create custom designs for clients, including branding, print materials, and digital content. collaborate closely with clients to understand their vision, delivering high-quality, visually compelling designs that meet project objectives and brand identities.
